How do the online classes work?

For online classes we use Cisco Webex Technology. With this technology you can not only see, hear and talk live with the tutor during class, but the screen of your computer will become a big whiteboard to share with you, and you will follow more easily the class and even record it for watching it later whenever you want.

And with Webex you can also download directly all the materials you will need before, during and after class. All services are completely free Webex for students, you only have to register and enter your email address the first time you want to access the documents.

To make your class, you only need a computer with internet connection, a headset, a webcam, optionally, if you want to make the experience more complete, and eager to learn Spanish and have fun.

Tutoring works in a simple way:

1. When signing up your course, you will arrange schedule classes with the head teacher. The tutorials can be cancelled or postponed if it has been made with more than 24 hours in advance, with less than this time the class will be billed in full. To reschedule a class you just have to contact your head teacher and find another date.
2. Three days before the class, you will receive a reminder message like the one below. You will see all the information relating to your tutoring, including topics to study, contact your tutor if there is anything you do not understand or with which you disagree. You'll also see the Join button, on the day of the class you just have to come back to this message and click this button to start connecting.

Lately, you will receive a second message with the documents you'll need, you have to download and print them to have them with you during the tutorial.

Hola,

Mar Herrero le invita a esta reunión de WebEx.

Tutoría B1_04.1: ¡Cuánto tiempo sin verte!

11 Jul, 13:00 | 1 hora

Londres (GMT Verano hora, GMT+01:00)

Organizador: Mar Herrero

Unirse

 Agregue el archivo iCalendar adjunto (.ics) a su calendario.

Agenda

En esta lección vamos a aprender a:

- hablar del pasado.
- Perifrasis verbales: dejar de, acabar de....., llevar + gerundio.z
- Estuve / estaba / he estado + gerundio.

3. The day of the class, you have to be connected at the set time, therefore you just have to go back to the first confirmation message, click on the Join button and follow the instructions. Remember to have with you the headset and the documents attached to the second email. We recommend you to be connected at least 10 minutes before the class. If you have trouble, send a message to your tutor immediately.
4. Once you are connected, follow the instructions of the tutor and enjoy your class.
5. After class, you will receive a message with the presentation that has been used, some recommendations of the tutor and extra material if you want to reinforce what it has been studied. You will also have access to video of the class, if you have previously authorized to be recorded.
6. You have a model of one of the presentations used in one of the online tutorials on the "our courses" of our website (www.hablamossle.com).

Write us to info@hablamossle.com if you have any question.

We are looking forward hearing from you!
